Annex for Memorial Building Is Okayed

The Alameda County Board of Supervisors on Tuesday earmarked an expenditure of \$60,000 in the 1950-51 budget for the construction of an annex to the Veterans Memorial Building in Niles.

In making the announcement, Supervisor Chester E. Stanley stated that the money will be made available after September 1 when the board formally approves the new budget.

Tentative plans for the addition have been drawn by the architectural firm of Ponsford and Price of Oakland and Stanley said that the firm would undoubtedly be named to complete the job.

The present structure, formally dedicated on Memorial Day of 1930, is "L" shaped and the new annex will be constructed in what is now a patio, connecting with the main portion of the building.

The plans call for a 45 by 45 foot dining hall, a renovated kitchen unit, a 20x30-foot women's auxiliary meeting hall, a rest room and an anteroom and small club room.

ASSAULT TRIAL TO BE HELD AT VICTIM'S BEDSIDE

The preliminary trial of Mrs. Edith Pudwill, 43-year-old Irvington housewife charged with assaulting her husband, Michael, 50, with a hatchet, may be held in Providence Hospital in Oakland.

She appeared in the Justice Court of Judge Allen G. Norris last Friday, and through her counsel, a representative from the public defender's office, entered a plea of not guilty to the charge of assault with a deadly weapon.

Deputy District Attorney George Oakes informed Judge Norris that he had been told that Mr. Pudwill was still in Providence Hospital and might have to remain for "some time" yet.

It was then decided that the preliminary trial be set tentatively for 2 p.m., Tuesday, July 25, at the bedside of Pudwill. In the event that his condition should improve enough to allow his release from the hospital prior to that date, the hearing will be rescheduled for the Centerville Justice Court.

Mrs. Pudwill was retained in custody of the sheriff's office in lieu of bail.

According to the complaint, Mrs. Pudwill is alleged to have struck her husband on the head with the blunt end of a hatchet as he slept in their apartment on Driscoll Road near Irvington early Sunday morning, June 25.

The second public hearing of a contested proposal to rezone a parcel of land near Decoto will be held Tuesday at 2 p.m. before the Alameda County Planning Commission in the meeting room of the Board of Supervisors in the court house in Oakland.

The first meeting, held July 5, was attended by a delegation of Decoto land owners who voiced a protest to the proposal to open the area to heavy industry.

NEED INDUSTRIAL SITE

The request to rezone the land along Whipple Road and the Western Pacific Railway right-of-way, was filed by the railroad officials, along with the announcement that they were acting as agents for a large industrial firm which is interested in locating a plant on the site.

The Decoto Chamber of Commerce has endorsed the plan for the rezoning of the area from Single Family Residence-Agricultural to a Heavy Industry District, and has won the backing of the Township Chamber of Commerce on the proposal.

At Tuesday evening's meeting of the Chamber the members were urged to attend next Tuesday's hearing to voice their request that the area be rezoned.

TOWNSHIP CHAMBER ALLOCATED \$1,800 BY SUPERVISORS

The newly formed Washington Township Chamber of Commerce this week won the support and pledge of financial assistance from the Alameda County Board of Supervisors.

Supervisor Chester E. Stanley, in a letter to Harold Speetzen, executive secretary of the Township Chamber, stated that the supervisors have included an \$1,800 allocation to the chamber in its 1950-51 budget.

Stanley pointed out that the county funds are to assist in the campaign to publicize this area in an endeavor to locate new industries and housing units in the township.

"The money was allocated to the Chamber on the basis that it would be but a supplement to the funds contributed by the seven individual community Chambers of Commerce to carry out the year's program," Speetzen said.

He stated that each of the Chambers must continue to supply financial assistance to the township organization.

The Township Chamber completed its first six months of operation on July 1 and must be re-financed by the allotment of funds from the individual chambers if it is to continue in operation.

CHARTERED PLANES RETURN INJURED BOYS TO HOSPITAL

Four local youths, seriously injured in a highway mishap last Saturday morning in Nevada and flown to O'Connor Hospital in San Jose for treatment, were reported yesterday to be recuperating satisfactorily.

The injured are Alvin Silva, 21, and Cyrus Caldeira, 19, both of Decoto, and Richard Brunelli, 21, and Lloyd Rash, 21, both of Niles.

The accident occurred between Battle Mountain and Winnemucca, Nevada, when their car skidded on wet pavement, hit a soft shoulder and overturned several times.

Rash and Silva were accompanying Brunelli and Caldeira, who were enroute to Flint, Michigan, to attend graduation exercises at a General Motors school they had attended for two years.

After being notified of the accident, Brunelli's father, Romeo Brunelli of Niles, was flown to Nevada by Everett Mendenhall, Niles pilot.

Two additional planes were chartered by Brunelli in Reno and his son and three companions were flown from the Reno and Elko Hospitals to O'Connor Hospital in San Jose.

Silva and Caldeira were the most seriously injured, Silva with a fractured pelvis and internal injuries and Caldeira with a broken collar bone and four broken ribs. Brunelli suffered possible internal injuries and severe bruises. Rash, the only one of the group not hospitalized, suffered a cut on his arm.

DISTRICT AID ASKED FOR GARBAGE DUMP

The county can give no financial assistance in the establishment or maintenance of a garbage dump for Washington Township.

This fact was announced Wednesday by Supervisor Chester E. Stanley at a meeting with Al Gamba, local manager for the Eastbay Garbage Company, and Harold Speetzen, executive secretary of the Washington Township Chamber of Commerce.

The Township Chamber had previously sought the assistance of the Board of Supervisors in locating a dump in the township.

Gamba told Stanley that his company was interested in buying property near Newark as a dump site but would need county assistance in maintaining the grounds.

"The county cannot take public funds to provide a garbage dump for any limited area," Stanley stated at Wednesday's meeting.

He suggested that the Township Chamber might name a committee to meet with officials of the four sanitary districts of the township and request them to acquire a site and provide maintenance of the dump on a fee basis.

"In this manner your company might be given the garbage collection franchise for the area by the sanitary boards," Stanley told Gamba.

Speetzen told the two men that the proposal would be introduced at the next meeting of the Township Chamber on July 26.

Induction Quotas Must Be Filled Before September 30

For the second time in a decade the young men of this area are to be drafted into military service, beginning within the next few weeks.

Selective Service Board No. 54, which serves Southern Alameda County, is now searching for office facilities in Hayward and is expected to be located and to begin classifying registrants by next week, according to Manuel Lewis, Centerville, member of the board.

Just how many men the local board will have to provide for the September quota has not been worked out, according to the letter received by Lewis from Col. Kenneth I. Leitch, state director of Selective Service.

CALLED BY AGES

A goal of 6,000 men to receive their pre-induction physicals in August throughout the entire state has been set up by the director.

The call will go out first to men 25 years of age. If this age group fails to provide enough men, the draft will dip into the 24 and 23-year brackets, and on down through the 19-year-olds.

The inductees for the first call will be picked first by age and then by order number, to be determined by the draft boards.

California must provide her quota of 1,187 men by September 30.

Men called for pre-induction physicals will be allowed to go home after the examination. They are to be notified in 10 days of their draft status.

If they are ruled fit for military service they can be ordered for induction within 21 days.

REGISTER AT NILES

Lewis said yesterday that he did not believe there are many men in the 24-25 age brackets here who have not already either served in the armed forces or would otherwise be exempt from call.

He pointed out that young men of this area may continue to register for the draft with Mrs. Ella Jolliff at the Ellsworth office in Niles, and are required to do so within five days after attaining their 18th birthday.

TOWNSHIP CREDIT BUREAU LAUNCHES MEMBERSHIP DRIVE

Meeting at the International Kitchen Wednesday noon, the board of directors of the Credit Bureau of Washington Township adopted articles of incorporation, and discussed by-laws which will be drawn up at a special meeting.

The Bureau, a non-profit merchant association, is under the presidency of Jack Parry of the Central Bank of Niles. Parry stated that the Bureau will shortly launch a public-information program on the Bureau so that local merchants may be apprised of its functions and may take advantage of its services.

Those attending the meeting included Bain Leask, Walter Chrysler, Mrs. Clarence Crane, Ed Mara, Ralph Goodwin, Robert Kithcart, Charles McCarty and Jack Parry. Leask, membership chairman, reported on the progress of the membership drive, giving an optimistic report. He named two assistants on the membership committee, George Bonde Jr. and B. R. Joseph.

FUNDS AVAILABLE FOR SUBSTATION

The funds for the construction of a sheriff's substation in Washington Township, midway between Centerville and Niles, will be available September 1, County Supervisor Chester E. Stanley revealed this week.

Stanley stated that an architect had been employed to draw preliminary plans for the building and the plans and the survey of the land have now been completed. He met Wednesday afternoon with Dr. E. M. Grimmer, Irvington, who donated the site, and completed the final transfer of the land and easements.

Construction is expected to get under way about October 1.

NILES WOMAN FINDS SCALPEL KNIFE LODGED IN CHEST

In excruciating pain for eight weeks and four days, unaware that a scalpel knife blade was lodged in her side, Mrs. Burlia James of Niles finally convinced her doctor last week that she could bear the pain no longer and that "something had to be done."

When her doctor, a San Jose specialist, opened up an incision made eight weeks before in a major operation, he found the blade of the knife.

"I complained of the pain four days after I left the hospital after the operation, but I was assured that it was to be expected. However, I was unable to sleep or rest, and after eight weeks and four days I knew that I could stand it no longer," said the tortured woman. "I had been advised to massage the sore spot twice daily, which I had done. But you can imagine massaging over a sharp knife! It only increased my pain."

The knife blade was located over her ribs, under her left arm. Only the blade was there. The handle had obviously been pulled out.

Mrs. James, who has gained considerable recognition in this area for her ceramics, said that she was in such misery during the past few weeks that her orders for figurines have piled up on her. "I don't know when I'll feel able to get back to my work," she said. "The spot where the blade was located is still sore as a boil, so I don't feel like working."

NOVEMBER ELECTION FOR HOSPITAL BOARD

The directors of the Washington Township Hospital District have asked the county Board of Supervisors to consolidate the district election with the November general election.

The request, announced following a meeting Wednesday evening by L. S. Whitaker, president of the hospital district board, was made to save the district the cost of an election.

Directors whose terms expire are Whitaker, Fred Melhase and Allan Walton.

SMASH HIT PLAYING AT GEARY THEATER

San Francisco's greatest dramatic hit of recent years—that is Arthur Miller's "Death of a Salesman," is now in its final weeks at the Geary Theater with Thomas Mitchell in the role of Willy Loman, the celebrated salesman who gives the play its title.

Critics in San Francisco, as everywhere, were lavish in their praise of the drama. "A monumental play has come to town," wrote John Hobart in the Chronicle. "Death of a Salesman" is a devastating tragedy that engulfs its spectators, and it is marvelously well acted and staged, with Thomas Mitchell giving the performance of his career in the title role." Hortense Morton in the Examiner was equally unstinting in her admiration for the production. She described it as "A superbly written play, a masterpiece in understanding," and then summed up her reaction with "This is theater—theater you dream about."

For his interpretation of Willy Loman, Thomas Mitchell has been hailed by critics throughout the country. "We cannot imagine anyone turning in a finer dramatic performance," wrote Emilia Hodel in the News, while Fred Johnson in the Call-Bulletin hailed his performance as "Magnificent." The reviewers were equally lavish in their praise of June Walker and Paul Langton as Willy's devoted wife and rebellious son, respectively. Other members of the cast to be singled out for critical applause were Paul Ford, Royal Beal, Darren McGavin, John Buckwalter and Michael Stanley.

"Death of a Salesman" will remain at the Geary Theater through Saturday evening, July 29. It plays nightly, including Sundays, at 8:30, with matinees on Saturday only at 2:30 p.m.

ITINERANT PICKER LIKES OUTDOOR LIFE

This is the time of year when Washington Township is burgeoned with fruit—and fruit pickers. Where do these fruit pickers come from? How do they live? What sort of life do they have?

In answer to these questions, let us tell you about a fruit picker we interviewed this week.

Harry Rose picks apricots for a living. He's been working in orchards for 12 years, and he likes it.

Rose, an itinerant who is working now in Washington Township, is from the East. He was born in Indiana, but raised in Michigan. He's a big fellow and he got that way by working for 15 years in the steel mills of Gary, Indiana.

"After that I picked fruit, mostly peaches, in Northern Michigan," Rose said. "But it's too cold for me back there. I like the weather out here, and I'm going to stay."

When Harry works in the orchards he gives the impression that he knows his way around. He swings his 12-foot ladder about with ease, and every time he comes down to move it, he brings down a full bucket of fruit with him.

"There's a lot to do in the orchards all year round," he said. "In the spring we thin the trees. Later we pick the fruit. And then in the fall we start pruning."

Harry works among the apricot trees during the day, but at night,

he chooses a walnut tree to sleep under. Around his canvas-covered bed roll is a border of apricot boxes which contain his few belongings.

"We move around a lot," he said, "because the fruit ripens at different times in other valleys. Last week we picked fruit near Stockton. Some of the other pickers want to go to Washington pretty soon. But I don't know about that. It's a long way, and there's lots of work to be done right here."

DECOTO FIRM WINS SEWER CONTRACT

The Firm of Martin & Dias, Decoto, Monday evening was awarded the contract for the construction of approximately 8,000 feet of sewer line along Alder Avenue in Centerville.

George Coit, president of the Union Sanitary District, announced that the Decoto firm's bid was the lowest of the four bids submitted. He announced the bids as follows: Martin & Dias, \$8,028; Oakland Sewer Construction Co., \$8,116; Michael Izzie, Alameda, \$8,353; Hester & McGuire, Oakland, \$11,722.90.

Coit stated that construction would not get under way until the apricots had been harvested in fields which the lines must cross.

The one protest over the sewer of Annex No. 2, which includes Canyon Heights and the Ellsworth Orchard, was withdrawn at Monday's meeting and Coit announced that bids for the construction of the lines will be opened at the July 24 meeting of the directors.

APRICOT WORKERS PLENTIFUL HERE

Despite reports in other areas that there is a shortage of workers in the harvest of apricots, William Allen, local representative for the Farm Employment Labor office in Centerville, said yesterday that there appears to be an ample supply of laborers here.

"Of course, the peak in the harvest will not be reached for another two days and it is possible that we might be short on cutters and pickers," Allen said. He asked that local residents interested in working during the current harvest, register at the Centerville office.

Allen estimated that 3,000 persons are now working throughout the county in the apricot harvest as cutters, pickers and dry yard laborers.

He said that the biggest problem is getting permission from growers to allow the itinerant workers to camp in the orchards while they are employed.

IRVINGTON MAN HURT IN TRUCK-AUTO CRASH

Mosco Pennington, 318 Union Street, Irvington, suffered painful injuries about 5 p.m. Monday when the car he was driving collided with a truck at the intersection of Bayshore Highway and Brokaw Road, near San Jose.

Also injured in the crash was the truck driver, George Haurken of San Jose.

Pennington was taken to O'Connor Hospital for treatment of back injuries.

IT'S SO NICE TO HAVE A MAN—

You unmarried women have absolutely nothing to worry about, now that a current popular magazine has come out with an article entitled, "HOW TO FIND A HUSBAND IN 30 DAYS."

There are only ten rules to follow, which makes everything very easy. It's too bad I'm married, or I would try out the plan and give you a first-hand report. However, I am enlisting the aid of some "test pilots" in the persons of my unmarried women friends. I will let you know what success they have.

As I say, there are only ten easy rules. They all seem to follow a central theme, "When you see an eligible man that you want, go after him with every trick at your command. You'll never win the man you love by being shy or timid."

When you find this eligible man—and nary a word do they say about WHERE to find such a creature—the first act in your routine is to use the old gag about having a couple of tickets to some sort of performance and could he go with you.

The article fails to say what kind of a performance. If you have tickets to the wrestling matches, for example, I'd skip it. Many men (I'm recalling the days of my youth) prefer their wrestling in a parked car, which is still another matter that has to be dealt with when the problem arises.

If, on the other hand, you have tickets to "South Pacific" (don't let him know that you used most of last week's salary to buy them), then how can you miss! Imagine a man turning down a chance to see "South Pacific"! Then, of course, you can go on baiting him with "passes" to "Rose Marie" or "Death of a Salesman," or whatever is the popular stage hit at the time. The article fails to state how long this largesse should continue. But does it matter whether or not you have enough money left to eat on—if there's a man at the end of the trail? I mean, the article implies that you should take drastic steps. After all, if you don't have a husband, you may as well be dead—it says here.

Yes, of COURSE a man wrote the article!

WAR JITTERS
We were aroused one night last week by a frantic call from a woman who assured us hysterically that war was here, that we were being fired upon! "Just look outside," she moaned, "you can see the anti-aircraft fire. Oh dear! where can I take the babies? I must protect them!"

We looked out the window, to-

HENRY MILLER EXPANDS CENTERVILLE STORE

Henry Miller, Centerville, owner and operator of the Henry Miller Cleaner stores throughout the township, announced this week that he had rented the building adjacent to his main office on Main Street in Centerville. The building formerly housed the Sylvestri Meat Market.

Miller said that the additional space would be used as a storeroom for route drivers to hang the garments while awaiting delivery.

Off to the East

Mr. and Mrs. Crawford, who live in Bradford Court, Niles, are leaving this week for Pennsylvania. They plan to be away a month.

ward Newark. Sure enough, the sky was brilliant with fireworks. "Go back to sleep," we told the distraught mother. "It's just the Holy Ghost celebration at Newark."

This is only one instance of war jitters. Another one occurred this week when an ex-service man, whose wife was out for the evening, was killing time by trying on his old uniforms, just to see if they fit. His wife came back unexpectedly, saw him in the uniform, and burst out in tears, thinking he had received his "greetings."

Stones Visit Richmond

Mr. and Mrs. Lloyd Stone and daughter, Lucretia, of Irvington, spent the week-end in Richmond with relatives.

Irvington Couple Vacation in Tahoe

Mr. and Mrs. L. H. Adams of Irvington left yesterday in their camping trailer, "The Green Dragon," for a two weeks vacation. They will camp somewhere along the shore of the American River for the remainder of the week. On Monday they will arrive in Tahoe and stay at Zephyr Cove where they will attend the annual conference of the Northern California District of the Reorganized Church of Jesus Christ of Latter Day Saints.

Mr. and Mrs. Arthur Davis of San Leandro and their daughter will occupy the Adams' residence while they are away.

From Manila

Mr. and Mrs. Charles Hirst and daughter, Miss Susan Lee Hirst, will soon be arriving in the states from their home in Manila. Their European vacation was cancelled due to the Korean crisis. Mrs. Hirst is the daughter of Mrs. Alfred B. Hirsch of Irvington.

Visits in Irvington

Miss Sheila Casey of Washington, D. C., is spending the summer months with her sister, Mrs. Paul McAllister of Lincoln Street in Irvington.

Mrs. McAllister's husband has returned from a 10-day tour of active duty with the National Guards at San Luis Obispo.

At Clear Lake

Mr. and Mrs. LeRoy Gomes and daughter, Patricia Ann, of Niles, spent last week at Clear Lake. They said, "No fish, but we had a wonderful time."

Haynes Return

Mr. and Mrs. Ed Haynes and daughter, Jackie, returned to Irvington this week from a week's vacation in Southern California. The Haynes spent one day visiting the Les Hillers, former Irvingtonites, in Los Angeles, and then went on down to Tia Juana, Mexico, for a day.

Visitors from Honolulu

Mr. and Mrs. Francis Heath of Honolulu have arrived on the mainland and have been guests of her sister, Mrs. Lyle Buehler. The Heaths will spend three months over here, dividing their time between the Buehlers and Mrs. Heath's mother, who lives in Carmel.

On Vacation

Vacationing in Cisco in Placer County are Mr. and Mrs. Carl Christensen of Irvington.

In North Hollywood

Mr. and Mrs. Warren Boone and daughter, Carol, of Centerville, have returned home after a week's vacation at the home of her uncle and aunt, Dr. and Mrs. B. H. Sprague, of North Hollywood.

Dr. and Mrs. Sprague had visited the Boones a week before that, when he was in San Francisco attending the medical convention.

The highlight of her trip south, said Mrs. Boone, was visiting the famous Farmers' Market.

Sister Visits L. H. Adams

Miss Lavina Adams of Akron, Ohio, was delightfully surprised to learn that the west is no longer a frontier, but is rather well advanced, when she visited her brother, L. H. Adams of Irvington. They had not seen each other for 25 years.

STEEL MILL NIGHT AT THE BALL PARK

When play is resumed Monday evening in the Washington Township Softball Association league the bleachers at the high school field will be filled with employees of the Pacific States Steel Mill in observance of "Pacific States Steel Mill Night" at the park.

Pete Nunes, president of the association, expressed his appreciation to the steel company officials this week for their cooperation in making the festivities possible. The arrangements were com-

pleted by officials of the company, including Joe Eastwood Jr., president; Frank Carcot, purchasing agent; Charles Rickey, plant superintendent; Ed Thorpe, assistant superintendent; and Oscar Dowe, office and personnel manager.

STRIPERS TAKEN

Many medium sized striped bass have been taken recently in the Carquinez Straits and in the waters off Vallejo in the Solano County area.

ALVARADO MAN'S PIGEON WINS 350 MILE CONTEST

A pigeon owned by Joe Sanchez, new operator of an Alvarado service station on Levee Street, won the recent 350-mile homing race from Winnemucca, Nevada, to Alvarado. The bird's time was 7 hours and 22 minutes.

Sanchez is a newcomer to pigeon racing. He bought his first bird two years ago for \$3. This bird has beaten many of the \$300 pigeons entered by old-timers.

"Pigeon racing is not costly, and is a fine hobby," said Sanchez. "It

costs me less than \$5 a month to keep 25 to 30 birds."

This is the second time that Sanchez's pedigreed German pigeon has won on this course, which traverses the snow-capped Sierras. "This course is a tough one," said Sanchez. "It's over a lot of mountains. Some of the birds tire and drop out. Of more than 200 pigeons which started the race, less than 20 finished the first day."

Sanchez was also given a racing diploma for his winning bird by the California State Racing Pigeon Organization with whom the birds are registered.

All of the birds which were entered in the race were shipped by train to Winnemucca, where they were released on the day of the contest by CSRPO officials.

The race was sponsored by the

Hayward Pigeon Club, the Alvarado Homing Club, and the Valley Pigeon Club, which awarded Sanchez a trophy and \$45 for first prize.

The three clubs are recruiting new members from Washington Township. They meet in Hayward on the first Wednesday of every month, and race every Sunday.

Trout fishing in the Plumas County area continues good to excellent this week. Fishing on the lakes in the lake basin is better now than it has been since the season started.

Material used in construction of Navajo Bridge, across the Colorado River in Grand Canyon, was transported down Bright Angel Trail on muleback.

IRVINGTON DUMPED BY ALBAMBRA NINE

The Irvington Merchants lost a 9 to 5 game last Sunday to the Albambra club on the San Bruno diamond when the local infield fell apart and chalked up six errors.

The Irvingtonites quite obviously missed the services of their manager, Frank Mayer, who was in San Jose Hospital recuperating from a recent operation.

Lynch started on the mound for the locals but suffered from a severe case of lack of control, giving up seven walks and allowing six hits in the first four innings.

He was relieved by Tony Dutra who went the remainder of the game, giving up but 5 hits.

Outstanding field performances of the day were turned in by Sabe Elizarray and Bud Marshall in the Irvington outfield. The club was manager by Stan Roderick.

SALMON ANGLERS HAVE LUCK
Salmon anglers were enjoying some first-rate sport during the past few days off Trinidad and at the entrance to Humboldt Bay in Humboldt County. Most of them were taking fish from ten to twenty-five pounds in weight.

LAKE FISHING GOOD
Lake fishing has been fair to good during the past week on the smaller lakes of Mono County. Several limits have been taken, but the fish are not running too large.

Gallup, New Mexico, is the gateway to the Navajo, Zuni and Hopi Indian Reservations.

MAYER IN HOSPITAL
Frank Mayer of Irvington is in San Jose Hospital recuperating from a recent operation.

901 TENTH STREET DEGOTO

COLLECTOR'S ITEM FOUND IN TRASH

L. W. Krueger, owner and operator of the Irvington Dime and Dollar, is mystified over something he found in his wastebasket Tuesday morning.

He noticed a newspaper that was yellow with age and, being a former newspaper man himself, picked it out of the wastebasket and glanced at the date line.

It was headed: "The San Francisco Call and Post, Monday, July 7, 1924."

Just how this paper got into his wastebasket almost 26 years to the day from the date it was printed is beyond Krueger and all his employees.

The front page of the sports section bears headlines telling of Babe Ruth hammering four homers in one day to bring his season's total to 22, and Finland taking the lead in the Olympics, being held in France.

BITES THURSDAY FOR MRS. SOARES

Funeral services were held Thursday for Mrs. Mary Anna Soares, 61, who died Sunday at her home on the Niles-Alvarado Road.

She was the wife of John T. Soares, mother of Evangeline Anderson of Niles and John Joseph Soares of Decoto; sister of Mrs. Frances Allegre of Alvarado, Anna Sanches and Angie Sanches, both of Newman, Helen Dias of San Jose and Manuel and Antone Borges of Alvarado.

Funeral services were held from the parlors of the Berge Mortuary Company in Niles, followed by a requiem mass at Corpus Christi Church.

Interment was at Holy Sepulchre Cemetery, Hayward.

Those in the township who are not members of the Society may attend the meeting by paying a small admission fee.

MISSION SAN JOSE NEWS

By LOIS BOTTENBERG

Lois Bottenberg

ARRIVES FROM TEXAS

A little late news from a week ago is that Miss Lorene Martindale, formerly of Lincoln and a cousin of Mrs. Margaret Phillips, came to spend a few days of her twenty-one day furlough from the WAC's at Fort Bliss, Texas.

She was accompanied by her buddy, Charlotte Jennings of New York City.

A BIG SUCCESS

The food sale which the Mission Firemen's Auxiliary put on Saturday was a fast and furious sell-out before the noon time arrived. Nearly \$50 was put into the kitty. The girls will try it again before the summer is over as they are working hard for several things for their club.

ALL THE SAME

Herman and Betty Medeiros also have a new car. Everyone that saw it thought it was Pop Medeiros' new car but were surprised to learn that all the Medeiros family has gone in for the same make.

BAD SMASH-UP

Sorry to hear that Mrs. Annie Vargas had such a bad smash-up last week, but really glad it was the car, not the lady, for accidents can be so awful. I should know.

TAKING IT EASY

Hortense Cunha should have driven her own car to San Jose on Monday and then she would not have been riding the bus. She stepped down from the bus and turned to take some papers for the driver when her foot gave way and she went down to the pavement, receiving some badly pulled tendons and perhaps some broken bones. The doctor taped her foot and leg so now she will have to take it easy for a few days.

IN FOUR HUNDRED

Another new one belongs to the Lawrence Mello family. It is a green car. This town is really getting into the Four Hundred Blue Book class.

NEW TENANTS

The Whiteside rental on the east side of Vallejo Street has been getting a bit of repair work done and now they are ready to have tenants, so last week Mr. and Mrs.

spend a few days' vacation with her brother and family, Mr. and Mrs. Raymond Dutra. Miss Patsy returned with them to spend her vacation, while Stanley Phillips stayed there with his boy cousins.

IN SONORA COUNTY
Mr. and Mrs. Daniel Cross and family, Mr. and Mrs. James Norris and family and Willie Norris spent the Fourth of July week-end in the Sonoma Pass country.

RETURN FROM SEATTLE
Mrs. Eugene Olwell and daughter, Jeanne, who went to Seattle for a time to visit relatives and friends, have returned and Miss Genevieve Olwell, who had been attending college there, accompanied them home for the summer months.

FROM PIEDMONT

Mrs. Mary Daub and son, Phillip, of Piedmont, are spending a week at the A. A. Moore ranch home here on the Peak road.

SUMMER RESIDENTS

The Alexanders and the Davis family of San Francisco are spending the summer here in the old Sam Metzger house on the Palmdale Estate, as are Mrs. Jane Weil and Susan.

IN NORTHWEST

Seems like most everyone is doing it so away went Frank and Grace Vieth into the northwest. They visited, according to their cards (I got several too so I did not have to read my patrons' cards), Portland, Seattle, Vancouver, B.

Ed Buford and six children moved in, which makes a nice addition to our elementary school, (two more) and three for high school. One thing I can say about Rose and Roscoe Whiteside is "they love dogs but they also think kids are pretty nice too, so he never hesitates to let kiddies have a roof over their heads."

TO AUSTIN'S

Over the Fourth of July week-end Tony Rogers, accompanied by Nonnie Fernandez and Bill Pereira, motored to Austin's Resort at Clear Lake where they enjoyed the four-day vacation.

HOUSE GUESTS

On Sunday and Monday Agnes Harrison of Dos Palos, cousin of Mrs. Margaret Phillips, and her fiancé, Manuel Silveria and children were house guests at the Phillips home here on Ellsworth Street.

OAKLAND GUESTS

Ed and Jo Chambers, accompanied by Lois and Glenn Bottenberg, motored to Oakland Wednesday evening to spend the evening as guests of Frank and Joanne Barros.

A WEEK HERE

Mrs. Myrtle Cross of Alhambra, sister-in-law of Mrs. Elsie Wilcox, spent a week here at the Bottenberg home with Mrs. Wilcox. Her son, Earl and wife, spent one evening also on their way back to Colorado and way points.

AT SANTA CRUZ

Miss Evelyn Meyers informs your correspondent that vacation time next week will see her being very lazy down on the beach at Santa Cruz. I bet she gets a sun tan after a winter and spring spent as inside secretary at the Decoto Masonic Home.

FLU BUG

Sorry to hear that Linda and mother Dot, the Clicks, have been under the weather. When that flu bug bites he sure puts one on the bum.

IN NORTHWEST

SCHOOL STUDENTS GET HEARING TEST

More than 8,800 school children in 48 schools in southern Alameda County had their hearing tested last year, according to word from Dr. James C. Malcolm, county health officer.

The report states, "Since the goal in public health is to prevent illness before it happens, the hearing program is an important activity of the health department."

Through these tests, 578 children with defective hearing were found and parents were advised to take them to a physician or a clinic for medical examination.

The latest type of audiometer testing machine was used. The machine regulates the tone so that each test is exactly alike. How well the child hears different tones is discovered by the test.

The biggest majority of those referred for medical examination needed tonsils and adenoids removed. It is important to find such problems early, since tonsil difficulties over a period of years sometimes causes permanent hearing loss, the report said.

ENGLISH NURSE TO VISIT IN TOWNSHIP

Mrs. Margaret James, health visitor and school nurse in India and England, will visit in Washington Township next week.

AN ACCIDENT

Glenn and "Nana" Bottenberg went to El Cerrito on Sunday to see Cynthia Gail Justus, daughter of Bud and Colleen Justus. Mr. and Mrs. Bill Jibson, her maternal grandparents, and uncle Johnnie of Niles spent the week-end at the Justus home. They went to Fisherman's Wharf in San Francisco for Sunday dinner.

WELCOME BACK

That long awaited moment finally arrived on Sunday for the senior Ernest Freis for their son, Ernest Jr., wife Esther (formerly Esther Jason of Centerville) and their son, Ernest Fessler Frei, arrived from Florida where they have been making their home for all the war years. I haven't talked to the family but I hear that they are going to remain in California once again, they hope. Welcome back, and what a big little man little Ernie has become.

LATEST MODEL

Well, well, what do you know. After I had made my write-up on the two little baby girls on Monday, here comes the cutest announcement from Mr. and Mrs. Vernon Bastian of San Jose telling us all about their "New Little Model" who has been named Dorothy Elaine. She arrived on June 28 and weighed 7 pounds and 3 ounces. The announcement goes on to further state that "She is fully equipped with Free Squealing, Automatic Feeding, seldom needs oil, sparkling BLUE lamps, delightful pink body color and travels nicely wet or dry. She is now on display at the new family home on Anderson Road. F.O.B. money couldn't buy her." Now don't you think that is rather a cute description on the announcement card? Just had to pass it on.
